

The Energy Sponsor Programme

The Annual Energy Seminar 2010

Time and place:

December 17th 2010, 9.00 am – approx. 2.45 pm, Fibigerstræde 16, room 1.108

Time	Presentation		
9.00-9.10	Welcome by Professor Lasse Rosendahl, Dept. of Energy Technology, AAU		Research trends
9.10-9.35	<i>Keynote 1:</i> Research Challenges in Energy Technology by Professor Frede Blaabjerg, Dept. of Energy Technology, AAU		
9.35-10.05	<i>Keynote 2:</i> Access to Innovation - a Pipeline for Commercializing Energy Research by Manager Jacob Ravn, Access to Innovation		
10.05-10.35	<i>Keynote 3:</i> The Danish Energy System of Tomorrow by Research Coordinator Jeannette Møller Jørgensen, Energinet.dk		
10.35-11.00	Break		Research activities at the Department of Energy Technology
	Parallel 1	Parallel 2	
11.00-11.20	Wind Power Systems	Fuel Cell Systems	
11.20-11.40	Modern Power Systems	Biomass	
11.40-12.00	Automotive & Industrial Drives	Thermoelectrics	
12.00-13.00	Lunch		
	Parallel 1	Parallel 2	
13.00-13.20	Energy Storage by Erik Schaltz, Dept. of Energy Technology, AAU	Photovoltaic Power Systems & Micro-Grids	
13.20-13.40	Wave Energy by Rico Hjerm Hansen, Dept. of Energy Technology, AAU	Future Power System by Pukar Mahat, Dept. of Energy Technology, AAU	
13.40-14.00	Mine Clearing project by Lasse Rosendahl, Dept. of Energy Technology, AAU	Advanced Biomass Combustion Methods for Heat and Power Generation by Chungun Yin, Dept. of Energy Technology, AAU	
14.00-14.30	<i>Keynote 4:</i> Future Research Directions and Priorities at Aalborg University by Research Director & Professor Lene Lange, AAU		
14.30-14.45	Closing remarks and wrap up		
14.45	End of Seminar
