

ET Innovation

www.et.intranet.aau.dk/ET+Innovation

December 12th (10:00-13:00)

Location: Pontoppidanstræde 105/4.127

The objective is to present and explain the concept of ET Innovation. There will be a presentation about how the whole process is seen from a researcher's perspective. Next, the focus will be on inventions and the process of applying for a patent. After that, AAU PoC and Innovation Fund's PoC will be introduced. Finally – SEA www.sea.aau.dk will come with a presentation of how they can support you when it comes to entrepreneurship.
